SNS ID (Optional)	

Curriculum Vitae

Dr. Ufuk Askeroğlu, MD, is an internationally recognized plastic surgeon specializing in facial plastic surgery, with a strong focus on endoscopic facial rejuvenation and deep plane facelift techniques. Based in Istanbul, Türkiye, he is the founder of the world-renowned Bella Eyes® and Trinity Lift® techniques, which have significantly advanced periorbital and midface aesthetics.

Dr. Askeroğlu is also the founder and lead trainer of the Bella Eyes Courses, an annual global educational program that has trained over 100 plastic surgeons worldwide and is officially supported as a key initiative in health tourism.

With extensive clinical experience since 2015, Dr. Askeroğlu has authored numerous peer-reviewed publications in leading international journals and has served as a keynote speaker at major global congresses, including ISAPS, IMCAS, and international migraine surgery symposia. His work continues to shape modern approaches to minimally invasive facial rejuvenation and aesthetic surgery.
